Item 2.1 **The minutes from the meeting dated September 23, 2020 were presented and approved as presented. New Agenda Items were discussed as follows.**

Item 3.1 **Reopening of Schools**

- No news about reopening schools. The school board meeting tomorrow, 10/23, will not be a vote. There will be a review on current health data. Board vote will be on November 12.
- Only information from the Superintendent is that they are proposing a hybrid model.
- If any news comes out, Mrs. Tomlinson will share with SOT and community.
- Staton is getting all new carpet, tile flooring and baseboards so students will be welcomed back with a clean environment.
- Discussion points and considerations:
 - o Member asked: In order to return, what items do we need to return safely that Staton needs to supply? What will CCSD supply?
 - o If return - lots of logistical changes.
 - o New survey to community.
 - o Leigh-Ann Mateyka asked - How many HEPA filters (1 per room) would we need to buy?? I don't see an air filtration system coming from CCSD. Mrs. Tomlinson would count up and look into how many our school would need and how much it would cost.

Item 4.0 **General Discussion**

- Shannan Ohlson- Concerned about student mental health. She has spoken to Lola Brooks (Board Member/President), she said "we (the trustees) are waiting for the health department to give the go ahead in order to consider opening." What data/stats will have to be current in order to re-open? It all depends upon the Southern Nevada Health District report at the board meeting on 10/22/20.

Item 5.0 **Public Comment**
